

Bait Is Favored For Fish Season Opening May 1

Additional Game Wardens
Due To Keep Down
Violations

The long anticipated annual event in Truckee and Tahoe City—the opening of the trout fishing season—is at hand.

The season on the Truckee River, Lake Tahoe, Donner Lake and Boca Reservoir opens next Wednesday, May 1. However, fishermen are warned of the new ruling by the state fish and game commission, acting under its dictatorial powers granted by the legislature, which prohibits fishing in the other streams and lakes of this district before May 30.

Game Warden Bill LaMarr declared that additional wardens will be on hand the opening days of the season in an effort to prevent violations.

At Lake Tahoe, Ward Creek and Blackwood Creek will not open until July 1, LaMarr said. This allows the large run of trout from the lake to spawn before the streams are legally opened.

Most fishermen here will resort to the use of bait as the river will be too high, due to the heavy run-off of snow water, to allow for much success flycasting. There is a possibility, however, that this sport may get some good results on the upper end of the Truckee.

For the most part, local anglers will use grub worms, angle worms and salmon cluster in the river and in the lakes trawling will be the order of the day. Weather should be excellent and the stream and lakes should have a normal run of trout, LaMarr said.

GOOD SERVICE IS VOTE PLEA BASE OF ALVAH HOOPER

On a record of conscientious performance of duty, economical administration of office and full recognition of the rights of public bodies and private parties where these interests meet in investigations, Alvah "Hooper" Hooper of Grass Valley has announced his candidacy for reelection to the office of coroner of Nevada County at the election on June 4.

Hooper has served as coroner capably and efficiently during the past three years and five months and believes that continuation of his administration will serve the best interests of the county to the best advantage.

The present county coroner carries a distinction among county officers in contending that the work of his office has not increased during the present term. In fact, Hooper believes that the war period has brought less work in the coroner's office, but this situation is expected to change once the postwar population shifts back to the foothills, creeks, ranches and communities of the county.

Whether the demands of his office are heavy or lighter, he gives the full time and attention that individual cases demand and calls for no undue investigations or examinations in natural causes deaths or those in which no doubt exists, thereby saving the county unnecessary expense.

Hooper is a member of the National Coroners Association, California State Coroners Association, Nevada-Sierra Peace Officers Association and the Footprinters Club (peace officers), thereby establishing a deep, professional background.

He is interested and active in civic, fraternal, service and patriotic organizations of the community and county, serving on the building committee of the American Legion, board of directors of the Grass Valley Rotary Club and has just completed a term as president of the Grass Valley Native Sons of the Golden West parlor.

Naomi Initiates—
Naomi Rebekah Lodge No. 2 initiated Mrs. Leroy Wilson at its regular Wednesday evening meeting. Following the ceremony, a social evening and refreshments were enjoyed.

In Sacramento—
Mrs. C. B. White and Mrs. W. F. Wilkie are Sacramento visitors this week.

Railroader Retiring—
Leo Mitchell, Southern Pacific conductor, is retiring after many years service with the company. He is planning a month's vacation at Tacoma in the near future.

Working in Hawaii—
Ernest Fleming, former local boy, has received his honorable discharge from the navy after six years service. He has accepted a position with the government as a first class mechanic and will be located in the Hawaiian Islands, according to a letter received by his aunt, Mrs. O. J. Rablin of Roseville.

From Reno—
Robert McDonough of Reno was a weekend guest of Frank L. Titus. The two served together as navy fliers in the recent war.

Bicycle Agent—
Heslin Cardinal of the Fix-It Shop announced this week that he is now agent for new Schwinn bicycles.

Sheriff Here—
Sheriff Carl J. Tobassen was an official visitor in Truckee Monday.

Inflation, Poverty Rule In Europe Says Local Man

Oroz Reports Eggs at \$2.00,
Wages at \$1.50 Daily
In Spain

A trip to Europe in its present unhealthy condition is one of the best proofs that the United States of America, despite our internal complaints and abuses, is a pretty good country with a rather excellent form of government.

This is the opinion of Andrea Oroz, who with Mrs. Oroz and their two children, Martine and Andrea, Jr. returned this week after spending eight months in Spain and Portugal. They returned by Clipper, making the trip from Lisbon to New York in 24 hours, after two stops.

The average working man in Spain today, Oroz said, can earn about \$1.50 a day and the price of eggs, one of the cheaper commodities, is \$2.00 a dozen. A standard American made automobile, he said, will bring about \$15,000 American money while a pack of American made cigarettes cost \$1.50. Nearly all sales, he said, are made through the black market.

The average working man is barefooted and most of the families have from six to 12 children.

The best fed and housed people in the country, Oroz said, are the military, which rules the country with an iron hand. Censorship is rigid and the people as a whole are seldom informed of what is happening in the government, although most of them are anticipating a war of some kind before conditions get better.

Oroz said his plans for the future are indefinite. Before leaving he sold his St. Louis Cafe which is now Cozzi's Cafe on main street.

Rehearsals Under Way For School Play in May

Rehearsals are now going on for a three act comedy to be presented here on Friday, May 3. The cast includes 15 students of Meadow Lake Union High School and is being directed by Mancel Justice of the school's faculty.

The play will be presented at the grammar school auditorium at 8 P.M.

Neilsen Sheet Metal Shop Moved to Sierra Builders

Robert Husten, manager of the Sierra Builders Supply Company at Tahoe City, announces that the Liebs Neilsen Sheet Metal Works now has headquarters at the Sierra Builders where he is prepared to offer his usual high type of work and service. Nielsen has been at Lake Tahoe for many years and his work is widely known and appreciated. He advertised that no job is too small and none too large.

Color Movies of Sierra Shown to Rotary Here

Bud Smith of Soda Springs showed some interesting technicolor moving pictures taken in the high Sierra at the meeting of the Rotary Club on Monday night. George Rudolph was the program chairman and presided. Visiting Rotarian was Alvah Hooper of Grass Valley and other guests were Sheriff Carl Tobassen, Nevada City; Angelo Carrazi, San Francisco; Ernest Guidotti, Truckee, and Charles Rudy, Soda Springs.

Easter in Lincoln—

Mr. and Mrs. E. A. Parker spent Easter at Lincoln visiting with her father, R. J. Files, and Mr. and Mrs. R. J. Nesbit and Fay Rider of Vallejo. A picnic was enjoyed during the afternoon by all members of the family where many beautiful wild flowers were gathered.

Visit Besios—

The Tony Besio family of Modesto and Mr. and Mrs. C. P. Goode and son, Denver, of Woodland were guests of Mr. and Mrs. Steve Besio during the Easter weekend.

Donner Daughter Dies—

Funeral services were held in Yuba City on Monday for Miss Harriet Frances Murphy, daughter of the late William G. Murphy, prominent early days lawyer who went to Yuba City with the Donner Party.

From Sacramento—

Mr. and Mrs. T. E. Pinckney of Sacramento, former widely known Truckee residents, visited with friends here yesterday.

Bernard Elected To Fire Board In Write In Voting

Dr. J. H. Bernard received 25 out of 28 write-in votes to retain his place on the Truckee Fire District's board of commissioners. Dr. Bernard had not filed his candidacy for the election on Tuesday but was written in to be reelected.

The term will run for three years with the other two commissioners' terms expiring in the meantime. Serving with Dr. Bernard are F. W. Gallenle and B. J. Riordan.

JOHN COLLIER TO BECOME OFFICER HERE ON MAY 1ST

Constable N. F. Doley this week announced that effective May 1, Deputy Constable Frank A. Titus, who has served as night officer in Truckee for many years, is retiring and that the work will be taken over by John Collier, a well known Truckee young man.

Collier only recently returned from service with the infantry overseas and saw considerable action with the Fifth Army in Africa, Italy and other European battle zones. Since his return he has worked for the division of highways.

Doley said that an equitable compensation will be devised, by contacting the local business firms who find he services of a night patrolman are indispensable.

Sportsmen Session Set For New California Cafe

The meeting of the Truckee Outdoor Sportsmen on Saturday evening will be held at the banquet room of the New California Restaurant, which is being reopened soon by Mr. and Mrs. A. B. Polyanich. While the restaurant is not yet ready for service, the proprietors are granting the club members and their guests the use of the banquet room and other facilities of the establishment.

Officers of the club will be elected, motion pictures shown and refreshments served.

All members and prospective members are urged to attend as a lively meeting is anticipated.

Lake Tahoe, Yuba Pass Roads Opened In Week

Highway 89 from Tahoe City to Richardson's by way of Emerald Bay was opened yesterday morning at 10:30 o'clock by state division of highway crews, according to Superintendent T. T. Buell. Buell said that while the grade at Emerald Bay is open and permits passage of two cars, there is still considerable work to be done to bring it up to par.

The road between Sierraville and Downville over Yuba Pass will be opened the latter part of this week, Buell said.

Driver Cited as Reckless In Crash Near Kingvale

Frank L. Taylor, 47, Truckee, was cited for reckless driving after the pickup truck he was driving left the highway and overturned near Kingvale Saturday night. Taylor said he was attempting to avoid a truck when the wreck occurred. Patrolman K. C. Kolb issued the citation.

At School—

Harrie Tackett is attending a Shell Oil Company service school in Reno this week.

In Nevada—
Doyle McGinnis plans to go to Nevada on Sunday and return with Mrs. McGinnis and their daughter who have been visiting relatives.

Back from South—

Frank Kuse, former well known Truckee and Hobart Mills resident, returned yesterday from Los Angeles for a brief visit before returning to Sacramento where he will be employed by Harry Lansberg as a lumber grader.

Leave for Oklahoma—
Gene and Donald Payne left this week for Oklahoma City where they will live with their grandmother, Mrs. Fannie Baughman. Their mother, Mrs. Alta Payne plans a visit to her former home early this summer but will return.

Returns—
John Cabona is in town from Bakerfield where he spent the winter.

: Sun : Beams

By WALTER M. BARRETT

With virtually every business location in Truckee, Lake Tahoe and Donner Summit occupied and with additional scores looking for business locations and homes, this region is approaching what undoubtedly will be the biggest summer season in its history. Established businesses are making extensive improvements to meet the demands of the ever-increasing population and with values holding and increasing, this area is definitely breaking into a year-round business and home district. Permanency is assured and the few doubting Thomases who can see only into the past are due for disappointments. True, Hobart Mills is closed, the ice fields are shut down for keeps, Floriston is only a shadow of a ghost and the lumbering industry here is a thing of the past, but, looking ahead it's easy to see that these industries were more or less minor compared with the things to come.

When two cars going in opposite directions, each driving down the center of the highway, meet at a given point there is very apt to be trouble. We had a good example of this during the past week and as a result a terrific wreck occurred. The strange thing is that more accidents of this sort do not occur. It is the rule rather than the exception that motorists occupy more than their share of the highway and invariably will look off into the distance when meeting another machine, trusting the good judgment of the driver they are meeting to get out of their way.

Knights of Pythias Feed At IOOF Hall on Friday

Summit Lodge No. 54, Knights of Pythias, will hold an "eating meeting" in the IOOF hall here tomorrow night. The feed will follow the regular business meeting of the lodge and all knights are urged to attend and wear their lodge fez at 8 P.M.

O. T. Schumacher, chairman of the affair, has asked that members of the entertainment committee put in an appearance at 7:30 P.M. to prepare for the repast.

Lions Miss Out on Meet With Sparks This Week

There was no meeting of the Lions Club this week. Last week the regular Wednesday meeting was called off when the members voted to visit the Sparks club on Thursday night this week. Yesterday Secretary William Englehart had a communication from Sparks telling him that there would be no meeting there this week.

Odd Fellows Session Has Large Crowd from Reno

Donner Lodge No. 162, IOOF, met on Saturday evening, April 13, with a large representation from lodges No. 6 and 14 of Reno. A picked team put on the third degree for 11 candidates including seven local men and four from Nevada.

Frank Titus reported that after the meeting the men went to the Capitol Hall for refreshments.

Former Truckee Man Has Bad Luck Streak Below

James Quinn of Mill Valley and a former Truckee resident had double misfortune last month when his tavern was completely gutted by fire and he went to a hospital where he will be confined for approximately six months, following a major operation. The news concerning Quinn was contained in a letter and clipping received by Frank A. Titus.

Patrol Gives 500 Tickets In Anti-Accident Drive

In an effort to decrease the number of traffic accidents in the district, state patrolmen of the Placer Area last month issued more than 500 citations. The district includes all of Highway 40 from the Sacramento County line to Nevada and is under the command of Captain George Peterkin of Roseville.

Finnegan Here—

Frank G. Finnegan, candidate for district attorney of Nevada County, was calling on voters here this week.

Donner, Tahoe Resorts Change Hands In Week

Donner Lake Co. Holdings
Reported Sold To
Bay City Man

Sale of the Donner Lake Company's property at Donner Lake to R. Stanley Dollar of San Francisco was revealed in deeds filed on Tuesday with County Recorder John Nettell.

Revenue stamps attached to the deeds indicated that the selling price for the holdings was \$117,000.

While it was not immediately determined whether the transaction included all the land of the Donner Lake Company, it was indicated that it does.

Rumors have been current recently that the sale had been made and that improvements, including the construction of a modern hotel and other recreational facilities are contemplated for the near future.

TAHOE CITY— Announcement was made this week of the sale of the Lake Tahoe property of Mr. and Mrs. C. O. Valentine to Mr. and Mrs. Duff L. Dean of Erie, Penn. F. A. Kilner and Company handled the transfer.

The property is known as Valentine's Lodge and is situated across the highway from the Catholic Church just south of Tahoe City. It consists of a large residence building, 23 rental units and other incidental buildings near Tahoe Tavern.

Dean has been in the airplane accessory business and only recently sold his home in the east and the new owners plan to make Tahoe a permanent residence.

The future plans of Mr. and Mrs. Valentine, prominent residents of Tahoe for many years, have not been announced.

Swimming Pool is Being Built at Truckee Resort

A swimming pool 50 feet long and 35 feet wide with a varying depth is being constructed at Truckee Resort by I. O. Gifford, owner of the establishment. The pool will be lined with concrete and painted and will be supplied with running water. It is hoped to have the pool in operation by the middle of next month if possible, according to George McAbee, manager of the resort.

"Bud" Zorich to Manage New Liquor Store Here

Nace Firpo this week announced that he is opening his new liquor store in the former Polyanich building east of the post office. George "Bud" Zorich, who has been tending bar at Firpo's Tourist Cafe, will be clerk at the package store and will be replaced at the Tourist by Rome Stark of Tahoe.

Firpo was in Sacramento and Grass Valley this week completing arrangements to fill his stock of liquors, wine and soft drinks at the liquor store.

Family Is Injured As Cars Meet on Highway

Cars driven by Thornborn Baird, 49, Reno, and Barney L. Butler, 20, San Francisco, collided head-on near Floriston last Thursday and four people were injured, two of them seriously.

The injured are Mrs. Verna Baird, and her son, Thornborn Baird, Jr., four months, who were taken to a Reno hospital with serious injuries and Baird and Una Baird, 10, who suffered lesser hurts.

Butler and Mrs. Jean Butler, 25, were unharmed despite the fact their car plunged 200 feet down the Truckee River canyon, but did not overturn. State Patrolmen K. C. Kolb and H. E. Fowler investigated.

Washington University is Vanderbilt Cup Winner

NORDEN—The University of Washington ski team Sunday won the Vanderbilt Ski Tourney at Sugar Bowl with 400 points.

The meet lasted two days and included cross country relay, giant slalom and jumping events. University of California was second with 373 and Washington State College was third with 364. Also entered were Stanford and Denver.

Truckee To Get 2nd Class P. O. As Receipts Rise

Postmaster Says Change Is
Due July 1 As Take
Tops \$10,000

Possibility that the Truckee post office will go into the second class division on July 1, loomed today following the announcement by Postmaster E. C. Bavier that the annual receipts for the fiscal year have exceeded the \$10,000 mark. In order to achieve the second class rating a post office must show receipts of between \$8,000 and \$10,000.

This means that the local office will be granted additional facilities and more clerks as well as an increase in salaries for the postmaster and clerks. The latter will be civil service employees following their permanent appointments by the postmaster.

Mrs. Bavier said that she will accept applications from eligible candidates for the two permanent and one part time positions to become available when the office reaches the second class division. The starting salary for clerks, she said, is 84 cents per hour which will give clerks approximately \$40 weekly.

While the office will not be reclassified before July 1, Mrs. Bavier said, she had received assurances that there is little doubt of the change being made.

TRUCKEE TRAFFIC IS UP 4,000 CARS SAYS STATION STATISTICS

Traffic through Truckee on U. S. Highway 40 jumped by nearly 4,000 in March over February, according to the state quarantine station figures just released. In March, 15,000 cars less locals, trucks and stages cleared the local station as compared with 11,469 in the preceding month. The March cars carried 40,330 passengers into the state from the east.

Truckee remained in fourth place in the state with Yermo overtaking Fort Yuma for second place behind Blythe. During March at total of 118,260 cars entered the state carrying 313,784 passengers.

The Truckee station ranked third in truck traffic with 1066 and second in stages and stage passengers—579 and 13,809 respectively. In the latter field, Blythe was tops with 592 staged and 15,649 passengers. A total of 3326 stages with 74,116 passengers entered the state last month.

Patrol Wives Here Bid To Tea In Capitol City

Wives of the state patrolmen in the Placer Area, which includes Truckee, have been invited to attend a tea given at the home of Mrs. E. Raymond Cato in Sacramento Sunday between 3 and 5 P.M. The affair will honor Mrs. Edgar Lampton, wife of the new director of motor vehicles, and Mrs. Earl Warren, wife of the governor. Madree Del Camino Chapter of the Wives of Highway Patrolmen is in charge of arrangements.

Movies Are Planned At Outing Club On Monday

Members of the Truckee Outing Club will meet at Truckee Hill Top Lodge on Monday night to close its activity for the past winter season and to lay plans for the future. R. N. Little will preside.

Following the business meeting, a motion picture program has been arranged by Mancel Justice, program chairman.

Gilman License Suspended 15 Days After Conviction

As a result of their conviction on charges of possessing liquors in an establishment without the required licenses, Jesse R. and Ida Gilman of the Nevada Hotel have had their license suspended by the state board of equalization for a period of 15 days commencing April 22. This was announced by Russell Farley, special investigator for the board. The complaint against the place was filed by Chester A. Smith, liquor control administrator for the board.

Eatons Visit—

H. A. Eaton and sons of Roseville visited here during the week.

To Bakersfield—

Mr. and Mrs. Dave Cabona planned to leave this morning for Bakersfield where the latter will receive medical attention.

Up from East Bay—

Mr. and Mrs. George Moore of Oakland were here for a few days this week.

At Fair Oaks—

Mr. and Mrs. James McIver went to Fair Oaks where they spent Easter with Mrs. James McIver, Sr.

Teacher at Home—

Spending the Easter recess at the home of her parents, Mr. and Mrs. L. Owens, was Miss Olga Owens. She is teaching in Milbrae.

Campaigning—

Vernon Stoll, candidate for superior judge, was visiting in Truckee and vicinity yesterday.

During 1945, financial transactions, postal receipts, airport traffic, retail sales, real estate sales and utilities in San Francisco all reached record highs.

PLACER PRECINCTS SET BY CLERK, LAKE POLLS ARE LISTED

AUBURN—County Clerk Lillian Rechenmacher this week released the location of the polling places in Placer county. In the eastern portion of the county, the following were designated as voting places for electors in the June 4 primary election: Summit, Kiski Lodge-Schull Place; Cisco, Cisco Grove; Brockway, Kings Beach School, all in District 4, and Tahoe Community Center in Tahoe City, District 5.

NOTICE OF ELECTION

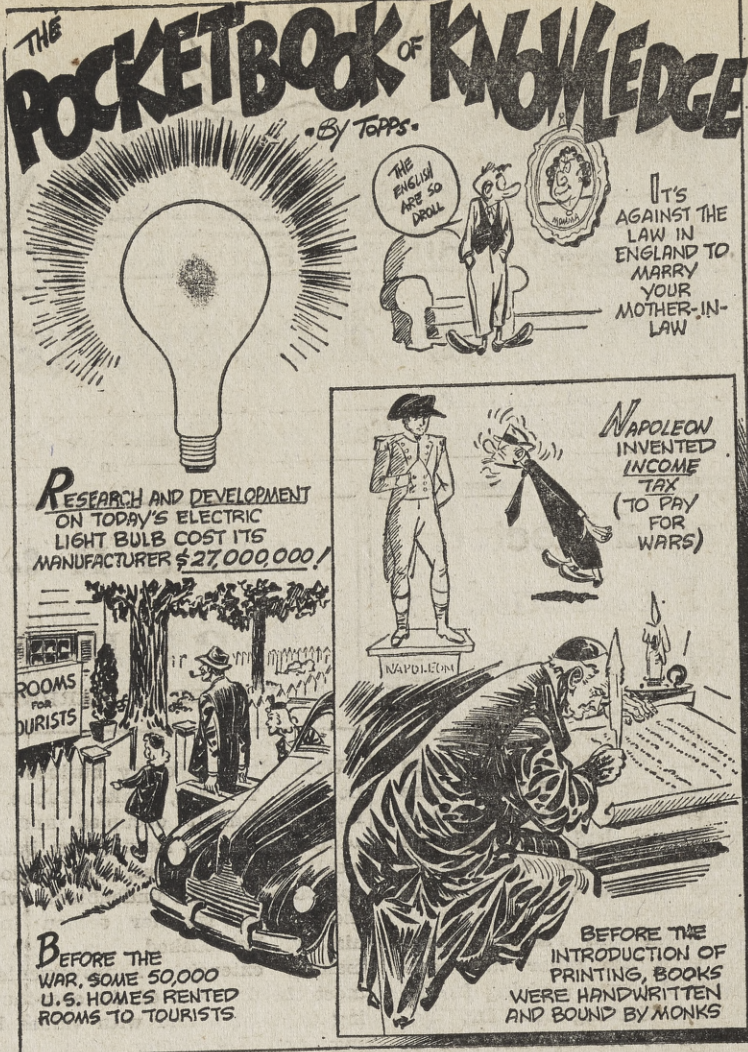

For Members of the Governing Board of the Meadow Lake Union High School District

Notice is hereby Given to the Electors of the Meadow Lake District of Nevada County, California, that the Annual Election for members of the Board of Trustees of the Meadow Lake Union High School District will be held on the third Friday of May, viz, May 17, 1946.

It will be necessary to elect 2 members. The polling place for said electors of the Truckee School District will be at the Truckee Elementary School in the Truckee Elementary School District. The polls will be open between the hours of 1 o'clock P.M., and 6 o'clock P. M.

The officers appointed to conduct the election in the above-named district are:

Lucile Bick, Inspector; Laura Gaiennie, Judge; Zulu Rablin, Judge. C. B. White, Clerk. (A11,18,25.

Truckee, Summit Weather's Effect On Bridges Is Reviewed

The magazine, California Highways and Public Works, in its March-April issue featured pictures and statistics are at 5,818 feet and 6,752 feet elevation, respectively. In 1938 there were 178 days at Soda Springs, during which the temperature rose to at least 38 degrees F. and dropped below 32 degrees F. This represented 178 cycles of freezing and thawing in one year. Frost occurs as late as June 30 and as early as August 20th, which gives some indication of the problem of construction relative to the freezing of green concrete at these high altitudes.

Among the first bridges to require treatment and repairs caused by weathering aggravated by reactive aggregates, was the Polaris Bridge over the Truckee River. It is located on U. S. Highway Route 40 about four miles east of Truckee. The structure was designed and constructed under State supervision in 1925. During 1937 repairs to the railings and curbs became necessary due to weathering. The spalled edges of the curbs and railing were chipped off and replaced with mortar, and the scuppers were plugged. However, shrinkage cracks soon appeared in these patches, and in other cases, the old concrete failed on the sides and behind the patches. The concrete in the curbs and railings closely resembles chalk, has a light grey color, and a moderate blow with a prospector's pick will sink about one-half inch into the distressed concrete.

During more recent years the concrete deterioration on the Polaris Bridge has advanced considerably. Portions of the arch ribs, particularly at the construction joints, and edges and corners of the columns and caps, have disintegrated rapidly. Last year major repairs were proposed for all distressed members, but this work was postponed on account of the war. It is now planned to perform this work during the summer of 1946.

(The balance of the article deals with proposed remedies for the mentioned deficiencies)

Residence requirements for divorce in the various states range from six weeks up to five years.

ONE OF THE 5,000 United States Marines who died on Iwo Jima was Ben Toland, 24, of Concord, N. H., a Yale junior and an honor student. When another officer was wounded in battle, Lieut. Toland voluntarily took command of his platoon, stormed the ridge and gained the objective before he himself was killed. Toland's estate, less than \$4,000, was divided by his will as follows:

The will was not a document of profound legal verbiage; just a handwritten note from a military man going into battle.

Rational NOT EVEN a cynical Bequests critic of the liberty Ben Toland understood and appreciated could detect a tone of bitterness in his harmonious bequests. He met death on February 21 and it is reasonably certain that the will was written at Christmas, far beyond the horizon of merriment but in a spirit of "Good will toward men." In that holiday gift-list rings a clear note of victory and hope.

As if it were his life's last tithe, five per cent went to church and five to a Christmas charity, "The 100 Neediest Cases," sponsored by the New York Times. Toland knew the worth of learning and paid a tribute to two schools that were peculiarly his own, Yale University and St. Paul's of Concord. The will's other four beneficiaries sound a chord of pure patriotism.

To Save NOT EVERY service America man who paid his life for victory in World War II possessed this young man's grasp of public affairs, but they all wanted the same thing. They wanted to see America the land of opportunity once more. The lieutenant's will expressed all this hope and more, for Toland knew how to save America's freedom: through peace between labor and management.

This sober young man laid 60% of his earthly holdings on the altar of industrial peace. His mother yet lived. No doubt he had personal friends who needed funds. Just the same, his largest single hope beyond his own lifespan was to retain the American system of free faith, free speech, free enterprise, popular ballot, unrestricted opportunity and equality under the law.

With 20% he asked Congress to heed the plea of many martyrs for laws in the interest of all, not just for pressure groups. Another 20% calls aloud to the National Association of Manufacturers, a group of small employers such as fill more than two-thirds of America's pay envelopes. Another fifth begs a hearing by labor groups, destined to play an important role in America's future.

As if it were his life's last tithe, five per cent went to church and five to a Christmas charity, "The 100 Neediest Cases," sponsored by the New York Times. Toland knew the worth of learning

ing and paid a tribute to two schools that were peculiarly his own, Yale University and St. Paul's of Concord. The will's other four beneficiaries sound a chord of pure patriotism.

To Save NOT EVERY service America man who paid his life for victory in World War II possessed this young man's grasp of public affairs, but they all wanted the same thing. They wanted to see America the land of opportunity once more. The lieutenant's will expressed all this hope and more, for Toland knew how to save America's freedom: through peace between labor and management.

This sober young man laid 60% of his earthly holdings on the altar of industrial peace. His mother yet lived. No doubt he had personal friends who needed funds. Just the same, his largest single hope beyond his own lifespan was to retain the American system of free faith, free speech, free enterprise, popular ballot, unrestricted opportunity and equality under the law.

With 20% he asked Congress to heed the plea of many martyrs for laws in the interest of all, not just for pressure groups. Another 20% calls aloud to the National Association of Manufacturers, a group of small employers such as fill more than two-thirds of America's pay envelopes. Another fifth begs a hearing by labor groups, destined to play an important role in America's future.

ONE OF THE 5,000 United States Marines who died on Iwo Jima was Ben Toland, 24, of Concord, N. H., a Yale junior and an honor student. When another officer was wounded in battle, Lieut. Toland voluntarily took command of his platoon, stormed the ridge and gained the objective before he himself was killed. Toland's estate, less than \$4,000, was divided by his will as follows:

The will was not a document of profound legal verbiage; just a handwritten note from a military man going into battle.

Rational NOT EVEN a cynical Bequests critic of the liberty Ben Toland understood and appreciated could detect a tone of bitterness in his harmonious bequests. He met death on February 21 and it is reasonably certain that the will was written at Christmas, far beyond the horizon of merriment but in a spirit of "Good will toward men." In that holiday gift-list rings a clear note of victory and hope.

A GOOD JOB FOR YOU!

HERE's a real opportunity for the young man who wants a good job with a future. An Army job is a steady job offering good pay, the highest security, every opportunity for promotion and a chance to see the world. You get valuable training in technical skills, good food, clothing, quarters and medical care free. If you go overseas, you get 20% extra pay. You can retire at half pay after 20 years or retire at three-quarters pay after 30 years. And you get a 30-day vacation at full pay every year! Many other advantages not offered elsewhere. If you are 18 to 34 and physically fit (or 17 with parents' consent), you can enlist now and qualify for one of these fine jobs in the peacetime Regular Army. You owe it to yourself to get all the facts NOW! Apply at

MY PLACE in the SUN

by DOUG BARRETT

Frank Kearney this week brought me in a copy of the Daily Okinawan. This "newspaper for all the armed forces in the Ryukyus" was dated April 6 and was Volume 1, Number 64. It carried three pages of world, sports and "local" news as well as a page of comics. On page two, a picture of a group of men showed Cpl. Elihu Kearney—our boy Hughie—with his radar detachment. Accompanying the picture was a story of the outpost where he serves with nine other men. Hugh also circled a box on troop ship arrivals with the marginal note: "I should be on one of them". The two listed were the Admiral Rodman due April 15 and the Marine Fox due April 24.

Speaking of pictures in the paper, on Easter the Sacramento Union sported the face of Hank Esola's son Wayne Eugene in its "On Their First Birthdays" feature. Cute and merry as can be, the lad had four teeth and weighed 24 pounds on his first anniversary.

Street Sees: LaVerne Hocker polishing up Frank Finnegan's running shoes... Mrs. Willis Delaney and Mrs. Frank Kinne discussing their breakfast coffee... Max McGinnis looking like he had been hit in the mouth with an ax and recovering from a face snowburn... Barbers Kinne and Feathers in conspiratorial conversation... the Cancer Campaign cans in the Bank of America, a worthy appeal... a lot of thirsty characters on the Row Tuesday during election hours when the "cocktail lounges" were closed... Larry Zoebel trouble shooting on the Utility District system... Martin Oroz, the Kid from Spain, back again and trudging up high school hill with Yolanda Giovannoni... E. J. Wilson early birding at his future business site on Bridge Street.

Lumber Company Open House Sunday Successful

TAHOE CITY—The open house held by Mr. and Mrs. Charles Cross of the Truckee-Tahoe Lumber Company in Tahoe City on Easter was a decided success, so much so that they plan to make it an annual event.

Cake and coffee were served the 200 guests who came to look over the stock of crockery, pottery, kitchen ware and modern electrical equipment displays. Employees and their wives who aided the Crosses in serving the crowds were Mr. and Mrs. Howard Mahurin, Mr. and Mrs. Barney Morrow, Mr. and Mrs. C. W. Vernon, Bob Seibold and August Biere.

EASTER SERVICES

KINGS BEACH—Mr. and Mrs. Harry Krueger, ordained ministers of Kings Beach, officiated at Sunrise Services at Kings Beach School on Easter at 6 A.M. Sunday School for children was from 9 A.M. to 11 A.M.

North Tahoe News . . .

by MADELINE CAVLERANI

My favorite lady, Mrs. Carl Sorenson of Tahoe Vista, is recovering fast from her long siege of illness and is now able to up for a few hours a day. On Saturday, April 20, she was presented with a lovely peach-colored chenille bed spread and peach curtains to match. Along with a daintily made handkerchief holder filled with 24 Easter cards each accompanied by a handkerchief from members of the Mothers' Club and friends.

Mr. and Mrs. Fred Miller spent a week visiting in Sacramento. Mrs. Miller is principal at Kings Beach Elementary School.

Mr. and Mrs. Wayne Burt of Carson City were up to inspect their home in Tahoe Vista on Tuesday.

Mrs. George Tiffie, teacher at Norden school, was a Kings Beach visitor on Sunday.

Mr. and Mrs. Arthur Ninburgh of San Francisco are enjoying a few days visit in Kings Beach.

Mrs. Don Hartman and Mrs. T. Irie both of Beverly Hills spent the past week at the Horick Cottages in Kings Beach.

Andy Sorenson, building contractor of Tahoe Vista, sees much activity in the building line in the North Tahoe area.

Mrs. Ed Starr of Tahoe Vista is spending a week in Vallejo with friends.

Mrs. R. Cope of Reno joined her husband at their Bear Street Trailer Camp in Kings Beach on last Wednesday.

Mrs. J. J. Mandeville and children and Miss Ethel McClure of Berkeley returned to Kings Beach on Friday after a week's stay there. Miss McClure returned home Sunday.

Mr. and Mrs. H. Lahl of San Francisco and summer residents of Tahoe Vista drove up on Saturday to visit E. Dartinger in Kings Beach and then journeyed on to Fallon where they will spend a few days.

Mrs. J. W. Rayburn of Kings Beach is at her home recuperating from a major operation recently performed in a Reno hospital.

J. C. Robertson, real estate man, is at his Carnelian Bay home for the summer.

Charles Cagle of Sacramento is at Kings Beach for a few weeks.

Russell Munson of Stockton is visiting his brother, Robert, in Tahoe City.

A Tuesday visitor at Tahoe Vista was Lee Orr of Reno.

Mr. and Mrs. David Soderstrom moved into their new home in Tahoe Vista on Saturday. The two Soderstrom children, David and Donna, are enrolled in the Kings Beach Elementary School.

Marilyn and Audrey Welch drove up from Auburn to spend the Easter vacation with their dad, N. H. Welch in Kings Beach.

Dr. and Mrs. Louis Constine of San Francisco spent the weekend at their Brockway home.

The Kings Beach Elementary School observed Easter with a week vacation April 15 to 19.

Mrs. A. Gallerani of Crystal Bay is convalescing at her home from an appendectomy performed a month ago. She is now able to be up for several

hours a day.

Mr. and Mrs. Wm. Martin of Oakland are residing at the A. E. Sorenson home in Tahoe Vista. Martin is a nephew of A. E. and Carl Sorenson. Mignon Redinger of Kings Beach underwent an appendectomy last week in a Reno hospital.

W. James of Sacramento is at his Sandy Beach home.

M. T. Mooney of Pasadena drove up Friday to join Mrs. Mooney at their Tahoe Vista home.

Mrs. Mulford Miles and son, Douglas, of Kings Beach left Sunday for Los Angeles where Mrs. Miles will visit with her mother. Douglas is a student at a senior high school in Los Angeles.

Clare Walters of Brockway is managing the lunchroom and fountain at Paine's Mercantile in Kings Beach this year.

Mr. and Mrs. Peraldo are at their Brockway home.

Mr. and Mrs. Stephen Gallerani of San Jose visited at the John Gallerani home on Friday.

Mrs. Byron Rice of Crystal Bay underwent a major operation in the St. Mary's Hospital in Reno Thursday.

Mr. and Mrs. C. E. Rasmussen and children of Fairfield spent a week at their Crystal Bay home.

New SHELL PREMIUM

a remarkable new-type automotive gasoline

New Shell Premium is a radically new kind of motor fuel! Uses only the higher-efficiency "Power-Heart" of the gasoline. For the first time gasoline is freed of the power-reducing elements present in even the finest prewar gasolines!

New "Power-Heart" refining lets your engine get maximum efficiency from war-developed fuel boosters. With this new all-purpose gasoline you can start your engine in a flash... get swift, even pickup... drive all day without the whisper of a knock, and get smooth, even power under all temperature conditions.

Although Shell Premium costs more to make, it costs you no more than other premium gasolines!

Shell X-100 Motor Oil gives premium protection for today's sustained speed driving—like New Shell Premium, it stems from continuous Shell Research

TAHOE LETTER To The Servicemen

From SWANEE

Tahoe City, California,
April 21, 1946

Dear Tahoeites—

Today was Easter Sunday, and a beautiful day it was, sunny and warm, with not even a breeze stirring. Many Tahoe residents observed the day by attending church. Among those hearing services in Truckee Catholic Church were Mrs. A. M. Henry, Mrs. Carl Bechdolt, Jr., and three children, Mrs. Carl Bechdolt, Sr., Mr. and Mrs. William Bechdolt and Mrs. Rose Boylars. Mr. and Mrs. Harold Almond and children, Harold and Marilyn, accompanied by Mrs. Theodore Schleuter, motored to

Sacramento where they attended services at Westminster Presbyterian Church. The pews were packed, the music beautiful and the sermon uplifting. Many Tahoeites went to Reno, among them Mr. and Mrs. Fred Rost and daughters, Roxie and Judy, who took along Misses Shirley Ables and Bette Wheat.

The Swanson clan had to forego Easter service as I took suddenly and painfully ill from the delayed reaction of my recent smallpox vaccination. Went to Reno on Saturday morning to bring daughter Jackie home for the weekend and around mid-afternoon had to make a dash for home as chills and fever and all the rest made their unexpected appearance. Saturday night was a very unpleasant memory, with a fever of over 102 lingering until morning. Am fairly well today but far from my normal self. And I was one who was wondering whether my vaccination was even going to take! It took me ten days to learn the score.

And as if that wasn't enough, on Friday while cleaning out the base-

"A LOCALLY OWNED YARD"

BOB HUSTON
TAHOE CITY, CALIFORNIA

QUOTES OF THE WEEK

"You're struttin' if you try to be something you ain't." — Virginia-born Lady Nancy Astor, of England.

"A woman couldn't have done that kind of work." — Mrs. Helen York, Aurora, Ill., who, posing as man for 10 years, bossed construction gang.

"I just used common sense. Not everyone does." — George Higgins, Morristown, Pa., giving recipe for living 100 years.

"I can't imagine anyone who has regard for the farmer, voting for OPA extension." — Senator Elmer Thomas, Oklahoma.

"How many vital elements of a free enterprise system remain in operation today?" — Rep. Howard Buffett, Nebraska, on government price-wage-profit controls.

"Some things have to remain personal and sentimental." — Shirley Temple, refusing fan's request to borrow wedding gown.

ment, enari cut the end of a finger off while foolishly pulling on a bunch of coarse steel wool back in a dark corner. Never rains but it pours.

Was very pleased to receive lovely Easter cards from friendly Tahoeites not yet in. They included Mr. and Mrs. Dave Chambers of Hotel Samarkand, Santa Barbara; Mrs. Sibyl Yeakel and son Rodney, and Mr. and Mrs. M. A. Lopes of Timberland and San Leandro. Mrs. Yeakel and son will arrive in a few weeks to spend the summer at their Lake Forest summer home.

Dr. and Mrs. George Hinkle of Bittencourt Tract and San Francisco were weekend visitors at the lake. Their son, Dick, training for a sea marine, is presumed to be at sea, since he has not been heard from for some time now.

Had a marvelous 16 page letter from son Jimmie with the 59th Weather Wing in Weisbaden, Germany. He's working in the post office as present with two Germans, one a man and the other a very beautiful girl. He's run his weight up to 185 pounds and says he would weigh more than that only he must walk up five flights to his hotel room and must walk half a mile to headquarters and back each night. Eats are good and accommodations are actually luxurious, compared to ordinary army standards. Jim is greatly enjoying the advantage of having been raised in these beautiful Sierra Nevada for when the gang starts bragging about hunting and fishing experiences, few can compare with our hometown boy. Jim says the army and distributes all the cham-

pagne made over there but it's nothing to rave about and the cheapest wine you can buy in the states is better than the best over there. Their cognac appears to be the most popular drink available. He sends best regards to all his old friends at Tahoe.

On Tuesday night the Women's Club of Tahoe sponsors a card party for the benefit of the new ambulance to be purchased for Tahoe City, which will serve the entire lake area. A meeting will be called upon the arrival at Tahoe of Henry Droste, president of the Tahoe Community Center, expected in around May 1 for the residents of the town to vote upon the granting of the necessary piece of ground on Tahoe Commons to the county upon which the board of supervisors will erect the building to house ambulance, fire truck and snowplow. A petition is being drawn up and letters are to be mailed those who cannot be contacted personally this summer.

It is also hoped that the town's jail, built some years ago on the hillside near the community center building to the north, can be completed this summer, as Constable Johanson must take all prisoners to Truckee for accommodations with Constable Doley at present.

Tahoe this season is welcoming some new business ventures, one of them being a Greyhound bus depot in the remodeled old Village Store building of Carl Bechdolt's. There will not only be a waiting room and ticket office but a small lunch counter and possibly a curio stand. Bechdolt will operate a package liquor store next door.

Out Lake Forest way a new beauty parlor is scheduled to open in the very near future, operated by Margaret Finger of El Cerrito, who comes well recommended. It will be a first class parlor and offer all beauty services. It is situated in the former Lief Nielsen home.

Across the street from her, in the property formerly owned and operated by Mrs. E. Tyler, a grocery store has been opened for the summer, carrying all commodities excepting fresh meats. The proprietor is Pete Huega of San Francisco and the business is known as Pascal's Store.

It is reported a French restaurant may open in the former Crescent Creamery building in Lake Forest this summer but nothing definite is available on this at this writing.

Can't ring off without a word on snow conditions which to date are turning out very favorably. The warm sunshine is doing wonders to former discouraging snow banks and along the highways to the south in sunny spots banks have suddenly collapsed entirely and green grass is tinting the recently snowclad ground. My

TAHOE JAIL WORK TABLED BY BOARD 'TIL NEXT BUDGET

AUBURN— At the monthly meeting of the Placer County board of supervisors, Supervisor Jack McFadden brought up the matter of the completion of the Tahoe jail which was held up during the war. The matter was tabled on the suggestion of the county auditor until the next budget is made up.

OPEN SUMMER HOME

Mrs. Harry Henrikson and two sons Charles and Oliver of Oakland arrived on Saturday to open their lakeside home in Lake Forest for a vacation visit.

favorite meadow on the highway between Tahoe and Truckee is almost bare of snow and tiny flowers dot the green background. It will soon turn a gorgeous pale lavender as the lilies start to bloom.

Fishermen will soon be a familiar sight along our shoreline as May 1 opens the season on the lake, but there are none I have met who will hazard a guess at the success of the coming season. Deep line angling will be the order of the day for the most part, for mackinaw will be most plentiful for those equipped with deep line fishing equipment.

Ring off for the week as the barometer remains high and weather continues grand. Good luck, good health and good cheer to you all, until the coming week, God bless you one and all. As ever, SWANEE.

BILL BOORMAN WINS DISNEY SKI RACE AT BOWL ON EASTER

TAHOE CITY— Two young members of the Lake Tahoe Ski Club won laurels at the Walt Disney Sugar Bowl tournament on Easter. They were Bill Boorman, nine year old son of Mr. and Mrs. William Boorman of Tahoe City, who took first place in the slalom staged for youngsters under 10. He won the coveted napkin ring award and will have his name inscribed on the perpetual plaque at Sugar Bowl. Young Boorman won in spite of the fact that he suffered all night from a painful earache and the effects of a recent smallpox vaccination.

Second winner was Jimmie Morhain, son of Mrs. Dorothy Morhain of the Tahoe telephone office, who will turn 14 on Saturday, April 27. He took third place in the Giant Downhill staged for youngsters under 14 and received a trophy. All youngsters were guests of the Sugar Bowl for luncheon and had their pictures taken by movie cameras.

An Easter turkey dinner party was given at the Tahoe City home of Mr. and Mrs. A. M. Henry on Sunday last for members of the family. Guests included Mr. and Mrs. Al Henry and children, Gary and Karen, Mr. and Mrs. Carl Wheat and daughters, Bette and Edna, and Mrs. Mary Planett and son Fred of Verdi.

Lee Garner, who has been in Palm Springs for the winter, is being welcomed back to Tahoe this week.

Mrs. Floyd Carnell of Tahoe City left on Sunday with her father, Charles Krueger of Beverly, to be with her mother, ill for many months. Mrs. Krueger has taken a turn for the worse and Mrs. Carnell will remain with her indefinitely.

Mrs. Katherine Corona and son, Capt. Oliver Corona, of Tahoe Park and Mrs. Ray Frazier of Lake Forest announced this week that they have completed plans to lease the former Tahoe Vista Resort at Carnelian Bay which is now owned jointly by George W. Williams of Ventura and Donald E. Butler of Reno. The trio will operate a first class restaurant during the current summer season, scheduled to open around May 15th.

Mr. and Mrs. Phil Geier of Sugar Bowl and Tahoe Park spent Thursday and Friday last week with the Ray Fraziers of Lake Forest.

A beach party at Natural Arch Beach in Nevada was enjoyed last Sunday by Mr. and Mrs. Walter Mandeville and three children, Valerie, Skipper and Larry, Bob Siebold of Truckee, Fred Setley and Mr. and Mrs. Howard Morhain and son Douglas of Tahoe City.

HOMES WRECKED BY VANDALS . . . With 10 homes wrecked by roving bands of vandals in two nights, Butte, Mont., mining town of 45,000, awaits apprehensively for further outbreaks of threatened violence. A diminutive police force assisted in evacuating women and children from threatened homes to points of safety. Bands of mobsters roved the city virtually unchecked. Rioting was believed to have resulted from the mine strike.

**COLLINS REPORTS ON
COUNTY TAX RATES
FOR FISCAL PERIOD**

SACRAMENTO—Richard E. Collins, chairman of the state board of equalization, disclosed here this week that the average tax rate on property subject to local taxation in California last year was \$3.52 for each \$100 of assessed value, in contrast with \$3.32 in 1944. The 1945 rate was derived from taxes amounting to \$370,287,588 levied against property valued at \$10,528,006,674.

Included in the total levy were taxes of \$1,986,834 on intangible personal property, such as open book accounts and bank balances. These were at a special low rate of 10 cents per \$100 throughout the state. Excluding these taxes, the average local rate on other property is found to be \$4.31 per \$100.

In the 58 counties average rates, computed with similar exclusion, range from a low of \$1.66 for Mono County to a high of \$5.26 for San Diego County. Other counties closely following this high are Imperial, \$5.10; Los Angeles, \$4.90; Alameda, \$4.87; San Francisco, \$4.81; and Sacramento, \$4.67. Alpine County crowds Mono for low rate with a rate of \$1.70. No

fornia enjoyed the weekend at the home of his parents the Ben Callenders of Waleswood Lodge.

Sherwood and Ray Prusso left on Saturday for Long Beach to spend Easter with their families. Sherwood will bring back his wife Helen and little daughter for the summer this week.

Mr. and Mrs. John Maderos of Sacramento and three children have arrived to spend the summer in Lake Forest. They will operate her parents' Italian restaurant this season, known as Bacchi's Inn.

Mr. and Mrs. Robert H. Bennett of Lafayette recently enjoyed a visit at their Truckee River summer home.

Mrs. John Breeden and son Marshall of Woodside were at Lake Tahoe recently to arrange for the family's summer vacation.

**GIRAFFE SHIES AT
TRIP TO FUTURE
MATE IN S. F. ZOO**

SAN DIEGO—Hundreds of local residents this week were awaiting news of the planned romance between Raffy, local "reluctant" giraffe, and the widow giraffe in San Francisco, whose grief over the loss of her mate he was to solace.

Raffy's "hard to get" antics amused the entire populace here recently when six perspiring zoo workers labored for four days to get him into a specially built truck, only to have him back in and force them to rebuild the truck to accommodate his lofty neck during his backward ride north. San Francisco zoo paid \$4,000 for the four year old 1500-pound son of patches who was shipped here from Africa with her mate, Lofly, eight years ago.

The giraffe is the only member of the animal kingdom without vocal cords, so he could voice no protest against plans to force a wife upon him. But zoo workers here agree he was eloquent in his silent insistence on remaining a bachelor.

Library of Congress reports that 64.2 per cent of the population was eligible to vote in 1944 and 34.77 per cent actually voted. Estimated population was 138 millions; estimated eligible voters almost 89 millions; actual voters 48 millions.

Other county average is under \$2.00.

Commenting on these comparisons, Collins said: "Generally speaking, high tax rates are found where concentration or population necessitates more services of local government. Although the 1945 average rate marked an increase of 30 cents over 1944, it is almost identical with the 1942 average and is 28 cents less than that for 1940. Thus, the trend is not alarming."

Collins explained that the average rate has been computed for use in state taxes on sleeping cars, refrigerator cars and similar special equipment operated on railroads.

**WARREN STRESSES
NEED FOR BETTER
FISH, GAME PLANS**

SACRAMENTO—Gov. Earl Warren this week called for "a far more comprehensive and forward-looking policy for promoting outdoor recreational opportunities in California than we have ever had before."

Reviewing the effects of a rapidly increasing population has had on natural sources of fish and game, Warren told a meeting of the Porterville Fish and Game Protective Association, steps to supplement the supplies have "not been enough."

"We must undertake an ever-increasing program of artificial propagation and distribution in order to balance our natural resources ledger," the governor declared. "The methods used in past years in propagating trout have been too slow. We must develop more hatcheries and rearing ponds and get more fish into our streams and lakes as speedily as possible. We must have more game farms for upland birds."

The true definition of conservation, the governor said, is "to use wisely, avoid waste, and increase supply."

"Mistakes of the past can be turned into assets if we let them serve as warning signs against taking the same wrong roads again," Warren continued.

"What the state government has tried to do during recent years about the problems of our decreasing fish and game supply has not been enough, but it can be the foundation for all-out effort from this day forward. I am determined that we are going to do everything possible to restore California to her former and rightful position in the world of outdoor recreation."

Warren announced that the Senate interim committee on fish and game, headed by Senator Ralph E. Swing of San Bernardino, is expected to report "soon" on a "better program of developing recreational opportunities than any we have ever had before."

In the meantime, the State Division of Architecture is drawing plans for two new hatcheries, one at Cedar Creek in Humboldt County and a \$225,000 installation in Shasta County. The latter, at Crystal Lake, will be the first warm-water hatchery in Northern California and the second largest fish hatchery in the nation, Warren said.

The two hatcheries are included in a \$692,500 appropriation made by the recent special session of the legislature, the governor added. The appropriation also included \$70,000 for new game farms at Chico, Brawley, Marysville and Porterville, and \$162,500 for fish ways and ladders on Central Valley streams for the salmon run.

"The money is coming from the Fish and Game Preservation Fund," Warren said. "It is your money. Every penny you pay for fishing and hunting licenses will be used for propagating and protecting wild life. A \$1,150,000 loan made to the General Fund during the depression has been repaid, and in accordance with a constitutional amendment adopted in 1942, there will be no more diverting of fish and game funds, even temporarily."

Java has the densest population in the world, 517.5 per square mile.

**New vacuum tube
equipment will speed
long distance calls**

Long distance expansion program in full swing

At dozens of places up and down the Pacific Coast we're going ahead with new vacuum tube equipment which boosts the number of telephone calls wires can carry.

This is just part of our unprecedented long distance expansion program now under way.

For the phenomenal development in this part of the country has resulted in a tremendously increased number of toll and long distance calls. (In 1945, for example, we handled nearly a million a day.) But we're working full speed ahead to install the additional facilities we need to provide a better and faster long distance service than ever before.

LOOK to Greyhound first for

TIME-SAVING SCHEDULES

The people of California naturally count on Greyhound to provide a system of accurate, convenient, time-saving schedules that so many communities depend on so completely today.

This important Greyhound "first" in travel service is more important now than ever before, and Greyhound does this job better . . . because it has trained, experienced experts in schedule building, the buses and equipment to put them into effect, the short, direct

routes that save time, and a thorough knowledge of California's local transportation problems.

Greyhound is constantly planning more new schedules to move rapidly and safely—yet provide a complete local intercommunity service. And when the need arises for even faster bus service between larger cities Greyhound sets up extra schedules for additional limited buses to give still more and better service than before.

TAHOE BRIEFS

The big plow is now working on the clearing of Emerald Bay grade, last of Tahoe highways to be opened each spring.

The lake level on Monday morning stood at 6227.94 with 31 CSF of water leaving the gates in town. Snow on the ground in Tahoe City stands at 16 inches, with great depths in areas south of town, and bare ground to the north in many places. Warmest day of the past week was April 17, with 62 degrees, and the coolest was on the 20th with 23 registered.

Mrs. Stella Watson spent the week end at her Clarksville home.

Mr. and Mrs. Theodore Schleuter of Tahoe Park attended the district Rotary convention in Sacramento on Sunday, Monday and Tuesday of this week.

Tahoe Novelty Shop of Mrs. Ethel Vernon will open soon in Tahoe City and Southern Pacific freight vans and Peavine Express are already busy delivering around the lake.

Mr. and Mrs. Roy Stark of the Dollar estate were hosts Easter to members of their family, including Jay Stark, just out of service. Guests enjoyed an egg hunt and a delicious turkey dinner. For the first time in years Harold Stark was home too and now that he has his discharge, will make his home at Tahoe.

Amonk guests in for a visit at the home of Mrs. George Walker on the Truckee River Friday were Mr. and Mrs. Robert H. Bennett of Lafayette, Mrs. Eleanor Swanson, Mrs. William Steenis and son, Bill, Jr.

Mr. and Mrs. Harry Walker, former caretakers at Harper's Tahoe estate who moved recently from Oregon to Santa Cruz, write friends at Tahoe that they had anticipated spending Capt. Hans Hansen's birthday with him in that seaside city but found he is no longer living in his new home there.

Mr. and Mrs. J. Carroll Skinner of Lodi enjoyed several days at their summer home at Homewood last week. They were accompanied by their niece and nephew, Marilyn and Bob Roberts, and Mr. and Mrs. Burton Towne.

Jim Wilson of Reno and Tahoe Cedars dined with the Charles Swansons on Friday.

Mr. and Mrs. Bob Pimley of Truckee are occupying the cottage at the highway maintenance station near the Truckee River Bridge at Tahoe this summer. Pimley is timekeeper for the highway department.

The grammar grade children of Tahoe Lake School Friday held an Easter program with the public invited. During the day the children of the upper grades sponsored an Easter egg hunt for the primary youngsters and lunch on the lakeshore was followed by games.

The grammar grade students on Monday took U. S. history exams.

Mr. and Mrs. Marty Arrouge, she being the beautiful Norma Shearer, have been seen at Sugar Bowl for some time where he is practicing for the Silver Belt ski races on Sunday, April 28. Also reported entering the big event are Warren Hart of Mount Rose, Les Hawkins and Ashley Van Slyck of Reno. Tahoe's Kathleen Starratt may also enter if she returns

BIBLE TRUTHS

THE ATOMIC AGE

The Signs Preceding Christ's Second Coming

But of that day and hour knoweth no man, no not the angels of heaven but my Father only. Therefore be ye also ready, for in such an hour as ye think not the Son of Man cometh. Matt. 24:36,42,44

Knowing this first, that there shall come in the last days scoffers, saying where is the promise of his coming? for since the fathers fell asleep, all things continue as they were from the beginning of the creation. II Peter 3:4-5-7

And ye shall hear of wars and rumors of wars: for all these things must come to pass for the end is not yet.

For Nation shall rise against nation, and Kingdom against Kingdom: and there shall be famines and pestilences and earthquakes in divers places. All these are the beginning of sorrows. Matt. 24:6-9

Then shall they deliver you up to be afflicted and shall kill you: and ye shall be hated of all nations for my name sake.

Mens hearts failing them for fear, and for looking after those things which are coming one the earth. Luke 21:22

This know also, that in the last days perilous times shall come.

For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, false accusers, incontinent, fierce, despisers of those that are good traitors, heady, high minded, lovers of pleasures more than lovers of God. II Tim. 3:1-4

Now learn a parable of the fig tree: when his branches is yet tender, and putting forth leaves, ye know that summer is nigh—so likewise ye, when ye shall see all these things know that it is near, even at the door. Matt. 24:32-33

Popular Tahoe Restaurant Is Opened For '46 Season

TAHOE CITY—Bacchi's Inn, popular Italian restaurant in Lake Forest, is now open for the summer season. This season, Mr. and Mrs. George Bacchi, who have operated the resort for many years past, will take it easy and their daughter and her husband, Mr. and Mrs. John Maedros, will take over active management.

They promise high quality food and tasty Italian dishes and will cater especially to family parties. Breakfast and lunch will be served daily, with bar service now available. They extend a cordial invitation to old and new customers alike.

OLYMPIAD GOLDEN ANNIVERSARY IS MARKED THIS YEAR

LOS ANGELES—The ancient Olympic Games were revived in their "modern" form just 50 years ago this month in Athens, Greece, and just 14 years ago this July, the 10th of this series was celebrated in California. In commemoration of the golden anniversary of the Modern Games, States, with California making a Bill Schroeder, popular California

sports statistician and commentator and director of the Helms Athletic Foundation, has issued an interesting brochure on the history of the ancient Greek festivals and the modern Olympiads, together with highlights of each of the latter. The 1948 Games will be held in London, the first to be held since 1936. There is a possibility of the 1952 Games being held in the United States, with California making a strong bid for them.

CALIFORNIA IS NEXT TO NEW YORK'S SIZE STATISTICIAN SAYS

SACRAMENTO—California's population has been estimated at more than 9,000,000, making it the second largest state in the nation, according to Victor W. Killick, chief of the bureau of statistics, Department of Motor Vehicles.

Killick's estimate is based on the showing of 92 California cities which have had re-counts of their population made, either by special census conducted by the U. S. Bureau of Census or by a "spot check" estimation method made by the federal committee investigating congested areas.

"The United States Bureau of Census estimated that as of July 1, 1945, California had 8,822,688 residents, not including former residents of the state in military service abroad. This was an increase of 1,915,301 or 27.7% over the 1940 Census figures," states Killick. "During the last nine months, population has further increased and is now estimated to exceed 9,200,000."

"For more than two years, California has been the third largest state of the union in population rank. It is preceded only by New York with a population estimated by the Census Bureau at 12,584,913, and Pennsylvania with a total of 9,193,957. Since both of these states have lost population during the past two years, it is very probable that California now has become the second largest."

Killick's list of the 92 cities with revised totals of their population, compared with their 1940 Census figures, shows that each of the cities experienced increases aggregating 1,113,587, or 27.6% more than in 1940. These 92 cities had a total population of 5,141,983 people, or more than half the entire population of California.

SURFACE TESTS OF LOCAL ROADS SHOW ROUGHNESS INDEX

In a survey of road surface materials on California highways, the state department of public works reported that the plant-mix bituminous treated surface on the highway from Truckee to Farad had a roughness index of 17.6 inches to the mile in 1945. A similar surface from Gold Run to Kingsvale measured 23 inches to the mile.

On this type of surface, the average for the state last year was 19.5 inches to the mile compared to 16.8 in 1944. The smoothest road in the class showed 9.7 inches to the mile.

Presidential Quiz

By Major Wm. G. Murdock

1. Which vice president was known as "Sunny Jim"?

Millard Fillmore

2. During whose administration was the national debt wiped out?

3. Who was the first President to actively place the preservation of the Union above any specific settlement of the slave question?

4. Who was elected vice president on the ticket with Hayes?

5. During whose inaugural address was the President's hat held by his defeated rival?

Answers

1. James S. Sherman, of New York.

2. Jackson's, in 1835.

3. Millard Fillmore, who was in open sympathy with Clay's compromise measures.

4. William A. Wheeler.

5. Stephen A. Douglas held Lincoln's hat during his first inaugural address.

MISSING HEIRS ARE SOUGHT TO TWO ESTATES IN REGION

CHICAGO—Two "orphan estates," one of \$6,000 and the other totalling \$1,600, are searching through Nevada and northern California for the heirs who are unaware of the money coming to them.

Walter C. Cox, probate genealogist, 208 LaSalle Street, who is directing the search, said Mrs. Minerva Metzker or her children are wanted to claim the \$6,000 estate and that children of James and Hanna Donegan (or Donnegan) are heirs to the \$1,600 legacy.

Cox, who specializes in tracing missing relatives, added that Mrs. Metzker is believed to have located in Reno in about 1940, then after moving to California, returned to some part of Nevada. If she is dead, then her descendants or other relatives are sought.

"The Donegans (or Donnegans) who are entitled to claim the \$1,600 estate," Cox said, "include George, Mildred, John, Henry, William Catherine or Helen, the children of James and Hanna Donegan (or Donnegan) who lived in Virginia City, Nev., from about 1870 to 1880."

"There may have been other children. The parents died when all were quite young and the children are reported to have been reared by other families or in orphanages, later scattered through Nevada and northern California."

More of the Salinas River flows underground than flows above the surface.

In San Francisco, 74 per cent of single family homes are occupied by the owners.

A parsec is an astronomical measure of space, equal to three light years.

AROTANE FOR ACTION
DUAL OCTANE QUALITY GASOLINE

★ Wherever natural beauty is greatest... along the Redwood Highway, in the mountains, following the ocean's shore... you usually find grades and curves where sluggish power can be dangerous as well as annoying. That's where AROTANE Gasoline's fast, smooth, positive acceleration counts most. When you step on the throttle with AROTANE—the Dual Octane Quality Gasoline—you're up and past the slow vehicle ahead quickly and safely and back into your lane with room to spare.

AROTANE is blended and double-tested for top road performance at all speeds under all conditions. Hard starting, uneven combustion, vapor-lock, "cylinder starvation," are all eliminated by perfect volatility control. Touring the West—or just driving to work—is more pleasant with AROTANE Gasoline in the tank.

AROTANE costs you no more than other premium gasolines—at Friendly Associated Dealers everywhere.

LET'S GET ASSOCIATED
Tell Your Associated Dealer You Want a Credit Card

Local Visitors—
Coroner and Mrs. Alvah Hooper were visiting friends in Truckee Monday evening and Hooper attended a meeting of the Rotary Club.
Board Man Here—
Russell Farley, special investigator for the board of equalization, spent Monday and Tuesday here on business.

NORTH TAHOE

by MADELINE CAVLERANI
Mr. and Mrs. Roland E. Smith of Brockway drove up from Oakland to inspect their cottage court, returning the next day to Oakland. They plan to come back within ten days for the summer and ready their cottages for occupancy.

Brian Kyncey of Kings Beach invited eight playmates to help him celebrate his fourth birthday on Tuesday, April 16, at the home of his parents, Mr. and Mrs. Thomas Kyncey. A large birthday cake topped with four candles was the center piece. Ice cream was served and gaily colored baskets filled with candy served as place cards. Guests included J. J. Mandeville, Janice and Judy Claysen, Virginia and Stanley Baker, Marvin, John and George Gallerani, Lea and Brian Kyncey.

Gene Dertinger of Fallon spent a few days at his home in Kings Beach. The Kings Beach Mothers' Club will hold its monthly meeting on Thursday evening, April 25, at the Kings Beach School. Mrs. J. J. Mandeville will preside.

A. E. Sorenson and son, Ray, of Tahoe Vista attended the Registered Trap Shoot meet in Martinez Sunday. Ray topped his father and was doubly thrilled when it was noticed a moving picture was being made of him. Bet mother had to sew back a few buttons on young Sorenson's jacket.

On Vacation—
Steve Aplin left Tuesday for an extended vacation in the valley area. He will return to Truckee on May 1 for the opening of the fishing season and then will tour the eastern states before returning to his job with the Southern Pacific.

Parents Visit—
Mr. and Mrs. Milford Peterson had as their house guests at the Donner Lake home over the weekend the former's father and mother from Vallejo.

Back from South—
Lee Garner, who spent the winter in southern California, has returned to Truckee and Tahoe. He will spend two weeks near Fallon working for John Thornton and then will return to Tahoe.

To Stockton—
Max McGinn left Monday for Stockton where he will join his mother and sister and motor home with them.

Capitol Visitor—
Mrs. William Gautsche was a visitor in Sacramento on Tuesday this week.

On Sunday, April 14th, Mrs. Mulford Miles gave a homecoming party for her son, Douglas, who drove up from Los Angeles to spend Easter week with his parents. Those attending were Bette Wheat, Ruby Meisenheimer, Gwen McGill, Irene Gallerani, Ray and Paul Martin, Pete Ables, Bill Peterson, Mr. and Mrs. Arthur Buehler and Douglas Miles. Various games were played and refreshments served at 10 PM.

Norma and Bill Peterson of Tahoe Vista whose birthdays are on April 21 and April 16 respectively were honored at a party given at Carpenters' Hall in Kings Beach on April 20 by their parents, Mr. and Mrs. V. O. Peterson. The honorees received many lovely gifts. Dancing was the diversion of the evening. Invitations were extended to 100 friends.

Minor Operation—
Mrs. A. P. Leitch underwent a minor operation last week in a Sacramento hospital and her friends are interested in her speedy recovery. Mrs. Leitch will stay at the capitol for a month.

Visit Family—
Mr. and Mrs. A. Matcham of Idaho are visiting their son and daughter in law Mr. and Mrs. A. R. Matcham.

To Sparks—
